

MyChildAtSchool (MCAS) App

Introduction

The MyChildAtSchool (MCAS) app allows parents and carers to stay informed about their child's education by providing access to important school information in one convenient place.

Step 1: Download the App

Parents can download the **MyChildAtSchool** app free of charge from:

- Apple App Store (for iPhone and iPad)
- Google Play Store (for Android devices)

Alternatively, search for "**MyChildAtSchool**" in your device's app store.

(Insert QR codes or screenshots if available.)

Step 2: Sign In

To access your child's information, you will need:

- Your school-issued **MCAS login details**
 - Username
 - Password
 - School ID (if required)

1. Open the app.
2. Enter your login details.
3. Select your child's school if prompted.
4. Sign in.

If you have forgotten your login details, please contact the school office rather than creating a new account.

Step 3: What Can You Use MCAS For?

Our school will be rolling out more features in to the app, for now we are asking parents to download it and make sure all your child's personal information is up to date and to provide parental consents as well as viewing their attendance and booking parents evenings.

During the year our goal is to roll out most of the features below:

- View attendance
- Monitor behaviour and achievements
- Receive school announcements
- Parents evenings
- Update contact details
- Complete online forms and provide permissions/consent

Parental Consent

The MCAS app is also used to collect **parental consent** for a range of school activities.

Please note that all parents when first registering on the app need to provide basic consent to the school for things like Biometrics, and Photo Consent.

You may receive requests to provide permission for:

- Educational visits and school trips
- Photographs and media use
- Medical treatment in emergencies
- Sporting activities
- Other school events and permissions

When a consent request is available:

1. Open the MCAS app.
2. Select the notification or relevant form.
3. Read the information carefully.
4. Choose **Yes** or **No** where applicable.
5. Submit your response.

Providing consent through MCAS is secure and helps the school process permissions quickly. Please ensure you respond before the stated deadline.

Principal - Mrs C Hallwood BA (Hons) N.P.Q.H

Notifications

To avoid missing important information:

- Enable notifications for the MCAS app.
 - Check the app regularly for new messages, forms and consent requests.
-

Need Help?

If you experience any problems:

- Check that you are using the correct login details.
 - Ensure your app is up to date.
 - Contact the school if you cannot sign in or require a password reset.
